Behavior Reporting Triangle

From Discipline Data to School Climate Data...

From Discipline to School Climate Data...

School Climate is linked to a wide range of academic, behavioral, and socio-emotional outcomes for students:

- Academic achievement
- •Student academic, social, and personal attitudes and
- motives
- Attendance and school avoidance
- •Behavior problems, delinquency, victimization
- Emotional well-being

relationships

are RECIPROCAL

From Discipline to School Climate Data...

School climate is also linked to outcomes <u>for</u> <u>teachers</u>:

- Less burnout and greater retention in the profession
- Greater implementation fidelity of new curriculum and interventions
- Greater levels of job satisfaction

Soda Activity

pepsi

We were "Shaking It Up" before it was cool

This is what we did:

- At the beginning of the year we always have professional development.
- Handed out sodas and told them the shake
- Talked about the importance of our teacher to student interaction
- Talked about the lives our students live
 - poverty
 - trauma
 - fixed mindset
 - hopeless

As a closer we asked the person holding one of the can to pop the top. NO ONE WOULD DO IT!!

Team Building

- * Teachers were given a set of lessons that helped build the sense of TEAM. The lessons were scaffolded to have students have to work together in order to be successful.
 - Rope on the Floor
 - * Circle Time everyone who likes....
 - * Human Body things you want and place inside the body and things you don't outside.
- * Incorporated One Team! One Family!
