

School Climate Matters

The Delaware School Climate Survey (DSCS) captures the voice of your students, staff & families!

STUDENT ENGAGEMENT – SOCIAL EMOTIONAL LEARNING – SAFETY
POSITIVE RELATIONSHIPS – SCHOOL CLIMATE
Explore perspectives in these areas and MORE to build positive, consistent, effective and equitable school environments for all students.

In the 2020-2021 School Year over ...

- **26,204** students
- **6,108** staff
- **6,088** families

...participated in the surveys from across the state.

2020-2021 SY statewide results tell us ...

- **93.3%** students reported that they try their best in school.
- **85.6%** of teachers/staff surveyed noted teachers, staff & administrators function as a good team.
- **93.2%** of students, **98.8%** of staff & **94.8%** of guardians surveyed reported that teachers care about their students.
- **69.7%** of surveyed high school students, **72.5%** of middle school students & **88.6%** of elementary school students agreed that students care about each other.
- **94.5%** of students, **94.9%** of teachers & **95.3%** of guardians surveyed reported that teachers treat students of all races with respect.
- **86.0%** of parents surveyed agreed that teachers do a good job communicating with parents.

How has your district or school responded to your data?
How has COVID affected perceptions of climate?
What will the voices of your students, staff and families bring to light this year?
Participate in the surveys to find out!
